LAKESHORE RESORT NARRATIVE

The proposed development within the tract, HC TMS # 34900000044, consists of one (1) single-family residential estate lot. According to Grand Strand Water and Sewer Authority (GSW&SA), the nearest potable water and sanitary sewer infrastructure is located adjacent to the property.

An estimate of probable cost to provide water and sewer service to the lot is attached. Based on this cost, it would be our recommendation to install a municipal water and sewer system to serve the lot.
